January 6, 2021

The Administrator of General Services is vested with the authority to operate, maintain and protect Federal buildings. Inherent in these functions is the authority to close any Federal building under GSA's jurisdiction, custody or control. The Administrator has internally delegated the foregoing authority to the Commissioner and Deputy Commissioner of Public Buildings. In accordance with GSA Order ADM O 5440.669 (April 24, 2014), as clarified and amended by GSA Order ADM D 5450.170 (October 29, 2014), the PBS Deputy Commissioner re-delegated the authority to operate, maintain and protect Federal buildings to each PBS Regional Commissioner, which includes this inherent authority to close Federal buildings.

Accordingly, by the authority vested in me by the Administrator of General Services, I am hereby temporarily suspending all public access and facility services at the 1800 F Street, NW, Washington, DC building from 6:00 A.M. on January 7, 2021 through 6:00 AM on January 8, 2021, with the exception of employees and contractors who provide mission critical services.

The conditions surrounding this decision will be monitored closely over the next several days and it will be revised as appropriate.

My point of contact for this matter is Shauna Carter, Acting Director of the Office of Facilities Management, at shauna.carter@gsa.gov or 202.302.2140.
